

VECTRAN™ for PUNCTURE BARRIER

OIL-SILICA TREAD COMPOUND

Colours

XC13 TR

Tubeless ready MTB tyre intended for XC and marathons.

Thanks to the VECTRANTM PUNCTURE BARRIER, the tyre has excellent puncture protection at the most vulnerable part – the sidewalls. The tread pattern of the XC11 TR tyre provides low rolling resistance and good grip. Designed for speed and comfort. For dry conditions and not very demanding terrain. Tyre construction based on our highly appreciated MTB tubular tyres.

Tyres	Size	Weight	Pressure	TPI Count <small>Sidewall area / Under the tread</small>
XC13 TR 29"	29x2.25"	700 g	2-3.5 bar (30-50 p.s.i.)	210 / 375
